

The smooth, natural stone texture, alongside the wide range of colours available, bring a great deal of personality to the Freedom shower tray. The large variety of formats available allow for their perfect integration into any bathroom environment. Complete with the guaranteed quality that comes hand in hand with being made from Scene Materia, Freedom is a solid, easy to install shower tray with a thickness of 25mm. Scene Materia is situated within the group denominated as “solid surface” materials – skinless, synthetic materials whose outermost surfaces have the same properties as their interiors.
